Upcoming EDI Depositor Training

Training on electronic document depositing is scheduled for the afternoon of Tuesday, **March 6th** in **Springfield** at the **Illinois State Library** 5th floor training room. Training is on a first-come first-served basis. There is limited seating.

Who is taking care of this function for your agency? If you know of anyone who should be trained to deposit state electronic documents, please refer them to <http://finditillinois.org> and **Online Learning** to find **CleO** to register for a training session. **If the person who makes deposits is changing, the new person with the responsibility needs to be trained.**

A trainer will also come to your area for a group training session. If you are not in the Springfield area and need training, gather a group to train and please contact me to arrange a training date.

Who Is Depositing in EDI?

The **Electronic Documents Initiative** (EDI) interface gives online access to the electronic publications that have been deposited thus far at <http://iledi.org>

Click on Issuing agency in the left column to see the list of agencies that have deposited electronic documents into EDI. **Note: The number of “document listings” is the number of titles, not the number of documents.**

Here is a partial list of depositors:

In February, 2007, employees from the Office of the State Fire Marshal and the Property Tax Appeal Board trained to begin depositing publications for their agencies.

A Reminder Standards

As a state agency, your electronic publications must meet federal and state standards. If you follow the **Illinois Web Accessibility Standards** found at <http://www.illinois.gov/iwas/>, you will meet both **Federal Section 508** standards and Tier I of the **W3C** standards. Federal Section 508 standards address handicap accessibility. **Watchfire WebXACT**, found at <http://webxact.watchfire.com/>, checks a Web page against the Federal Section 508 standards and will help you catch accessibility problems. Compliance with Section 508 is required for all agencies of a state that accepts federal funds.
